

### **1- How to run EnMODE code**

- Extract EnMODE.rar file
- Run main\_loop.m
- The final results statistics will be shown on Matlab's command window.

### **2- Queries**

Should you have any query, please feel free to contact me Dr. Karam Sallam on [karam\\_sallam@zu.edu.eg](mailto:karam_sallam@zu.edu.eg)

### **3- Note**

please use MATLAB R2018b or later versions to run the algorithm.
